Dear Appropriations Committee:

I strongly support bringing SLE train service to New London, on the weekends, and during the weekdays. I am a business owner in Waterford, Connecticut, and this area is in need of easier ways for people to visit, and to commute. The SLE is the most obvious and lowest cost solution. The expansion of the SLE train was promised about 5 years ago, and nothing has yet happened. With the direct access to the long island ferry, the casinos, and the shorelines, it's about time the SLE comes to New London on a regular basis.

Thank you,

Andrew Hasse
